ELI speech -- Hunton Andrews Kurth, 50 California St, suite 1700, SF

Shannon Broome, the managing partner of Hunton Andrews Kurth's San Francisco office and the head of its California environmental practice. I am working with the Environmental Law Institute organizing its Leadership Council luncheon for the Fall of 2018 and wanted to see if you would be interested and available to speak to the Leadership Council at the lunch meeting. (I was discussing with Steven Cook that I wanted to invite you to this event when I saw him last week at the Texas Environmental

Superconference, and he agreed you would be an excellent speaker for this event.)

The format is a U-Shaped table luncheon format with about 30 of the leading environmental lawyers in California in attendance. The luncheon would be held in our large conference room, at 50 California Street in San Francisco, a reasonably manageable walk from your office. The discussion is typically off the record (Chatham House rules) and is a nice way for leaders in the government to interact with leaders in the bar. The time is noon to 1:15 or so. It starts with a buffet lunch, with Mike (and Amy) making remarks starting at about 12:20 or 12:30 and if you are open to it, taking some questions. All off the record, no press and Chatham House rules

please feel free to call my cell at (b) (6) - (b) (6) if you'd like to discuss or have any questions.

Best Regards,

and for implementing solid and hazardous waste programs.

At the October 2017 National Tribal Operations Committee meeting, OITA committed to begin an evaluation of the 2013 Guidance during FY18 to identify opportunities to improve the Guidance and/or its implementation. The input phase of the Evaluation, which stretched from April to August 2018 and included a 90-day consultation period, focused on gathering input from tribes, intertribal consortia and EPA regional personnel who administer GAP financial assistance agreements.

During this briefing for RAs, OITA will summarize the input phase of the Evaluation, including comments from tribal leaders and environmental program staff, and lead a discussion of options under development for Guidance revisions.

Tijuana tour with WTR

Bring: official passport, sunglasses, hat, comfortable shoes or hiking boots (preferable) that can get dirty.

Suggested start time (flexible): 10am

- Cross into Tijuana via the newly expanded San Ysidro Port of Entry.
- Drive over Tijuana river via new Chapparal bridge for a good view of Tijuana River diversion structure, sediment stockpiles, etc., make u-turn and drive back along same bridge in order to get onto highway to Playas/Rosarito.
- Drive on highway along border fence, above 72" International Collector, largest collector pipe in Tijuana and one we are expecting to repair/replace with BEIF.
- Pass Stewart's Drain (Puerta Blanca), Pump Station 1, Smuggler's Gulch, Los Laureles (Goat) Canyon and then head south to Punta Bandera discharge point, passing below (not visible from hwy) San Antonio de Los Buenos Treatment Plant. See rapid development leading to sediment production.
- Park car, walk 100 meters to overlook Punta Bandera discharge of 40 mgd into ocean. Explain problems with San Antonio de Los Buenos, and our modeling results with Scripps that show impacts to U.S. from discharge. Describe Tijuana's plan to build a new plant and outfall.
- Return to car. Drive to lunch in Playas (likely, Yogurt Place). Yogurt Place is one of the restaurants that is certified as "Ocean-Friendly" under the Border 2020 program designed to reduce single-use plastic items at restaurants.

June 4, 2019 Continued

Tuesday

- On way back, pull into Los Laureles Canyon to view spot where canyon drains into U.S. See the urban runoff, etc., that cause Border Patrol concerns.
- Expedited border crossing through bus lane back into U.S. and return to hotel/office.

Brent/Heather -

I have just confirmed a meeting with Peter Muller in Sen. Feinstein's Los Angeles office with **U.S. EPA Regional Administrator Mike Stoker** for 4:00pm on Tuesday, June 18, 2019 and wanted to see if either you or Heather might be available **on the same day, Tuesday, June 18th at 2:30pm**. I know that your offices are pretty close to each other. RA Mike Stoker will be in the Los Angeles area on June 18th and is interested in introducing himself to your office and to discuss with you his priorities and provide you with updates on environmental issues EPA is engaged in within California. The meeting would take place at your Los Angeles Office at 11845 West Olympic Boulevard, Suite 1250W, Los Angeles, CA 90064.

Please let me know whether you and/or Heather might have time available to meet with RA Mike Stoker on Tuesday, June 18, 2019 at 2:30pm. If this meeting time works, please let me know if there are any specific topics/issues you would like RA Mike Stoker to come prepared to discuss. I have confirmed a meeting with San Francisco District Director Adam Mehis on Tuesday, July 23, 2019.

Sara –

I have checked in with Regional Administrator Mike Stoker's Chief of Staff Charles Munoz and unfortunately a meeting on Wednesday at 4:00pm will not work on our end. However, when we talked you mentioned a possible time of **2:45pm on Tuesday, July 9th which will work on our end.** I mentioned to you that the Regional Administrator's next meeting is in Rayburn at 3:30pm and that your office may be able to offer the assistance of an intern to get them to Rayburn in time for his next meeting.

Please let me know if we can confirm a meeting with Senator Rosen for **2:45pm on Tuesday, July 9th.** Accompanying Regional Administrator Mike Stoker to this meeting will be our Chief of Staff Charles Munoz. Charles' cell phone contact information for any day of changes is (b) (6). I look forward to hearing back from you.

Colleen –

Thanks for your message of June 24th and offer of a 5:15pm meeting on Tuesday, July 9th. Unfortunately, Regional Administrator Mike Stoker has a confirmed meeting at 4:30pm on Tuesday, July 9th with Rep. Mark Amodei in Cannon HOB and a meeting with Rep. Steven Horsford at 5:30pm in Longworth HOB, so don't believe that a 5:15pm meeting with Congresswoman Titus would work to allow time between meetings. I have also confirmed a meeting with Rep. Scott Peters of California for 3:30pm on Tuesday, July 9th. If you are able to **tentatively** schedule a meeting with the Congresswoman on Wednesday, July 10th between 8:00am – 12:00pm, that would be great, with the understanding that any Committee action would take preference over an in-person meeting. I look forward to hearing back from you as to whether a tentative meeting on Wednesday, July 10th in the morning between 8:00am – 12:00pm is possible and that you would reach out to me at a later time to confirm or not.

Newark Filtration Issues - Update on Emerging Issue -- CORRECTED NUMBER: (b) (6) Code

CORRECTED NUMBER: (b) (6) Code (b) (6) #

Colleagues, there is an emerging issue with respect to the efficacy of home filtration in reducing contaminants in drinking water that has been identified in Newark, N.J. The issue likely affects regions outside of R2 and I think all regions would benefit from a briefing by Dave and Pete about the issue and also to discuss the communication plant that has been put together so that we are all on the same page.

I apologize that the call is early for those of you on Pacific time but it is likely that Dave and Pete will have less time on Monday as the day progress rather than more.

If you have questions please let me know.

Best,

Doug
